

## Capital Improvement Projects – Project Updates

*We are pleased to update you on our Capital Improvement Projects*

### **Memorial Drive & Gessner Road – Grant Application**

The City Council has approved agreements with the City of Houston and TIRZ 17 to submit an application for 80% Federal Funding for the Memorial Drive and Gessner Road Improvement Project. There will be no additional lanes added to Gessner or Memorial with this project. Pedestrian access is the City's primary focus for the area. The City's consultant, The Goodman Corp. is currently developing the joint grant application. The submittal should be made by the end of October and we hope to hear positive results in 2019.

### **Regional Drainage Project**

Construction continues with our Regional Drainage Project for the area of Taylorcrest, Williamsburg, Bunker Hill Road and Cobblestone West. Taylorcrest is completed pending punch list items to be finalized. Bunker Hill Road is expected to be open in both directions in early November, weather permitting. Restoration is currently underway on Bunker Hill Road to replace driveways, sidewalks, and sod. The construction crew has moved to Cobblestone West to install the underground drainage and water line. Once completed on Cobblestone, improvements will begin on Williamsburg from Cobblestone north to the cul-de-sac. Construction will include improved drainage, full street replacement and a new water and wastewater line.

### **Water Rehab**

The Water Line Project in the upper area of Blalock Road and adjacent cul-de-sacs is complete. Wendover Lane was also completed. Staff is working to consider other water lines for replacement.

### **Warrenton, Kilts, and Valley Star**

City Council approved the final design contract for Warrenton, Kilts, and Valley Star Street Improvements. This project will include reconstruction of the streets for Kilts and Warrenton along with drainage and water lines. This will also include some segments of Valley Star. You may have seen some survey work underway. The City Staff will be meeting with residents in this area in early 2019 to review the results of the survey and plan for the construction project. Construction is planned to begin in the summer of 2019.

### **For Your Information:**

Davey Trees, the tree contractor for CenterPoint continues trimming trees in the Area to clear power lines.

Call CenterPoint with any questions:  
713-207-2222

The City has been alerted that residents have received door hangers and calls to take samples to test the tap water in their homes. These calls are **NOT** from the City. We have heard that these calls are referencing the need for water filter systems. The City takes pride in our "superior water rating." Our annual water quality /consumer confidence report is on our website.

### **Set Up Auto Draft by Credit Card**

You can now set up your utility account for automatic payments from your credit card. Visit us at [www.bunkerhilltx.gov](http://www.bunkerhilltx.gov) and look for the green icon above. It will take you to "Utility Billing."

### **Rape Aggression Defense (RAD) Classes for Women**

The City and the Memorial Villages Police Department have teamed up to host Women's Self Defense Classes. We have received great feedback from those who have attended. The next class is planned for:

**Tuesday, Wednesday, and Thursday, December 18, 19, and 20**

10:00 a.m. to 2:00 p.m.

Memorial Drive Christian Church

*Hoping our college students can join us during their break!*
