

New Solid Waste and Recycling Service Provider

Meet Texas Pride Disposal

Republic Services requested the City of Bunker Hill Village to allow the transfer of our Solid Waste and Recycling Contract to Texas Pride Disposal. Republic Services is getting out of the “back door” – “visible from the street” service. The change is planned in the March timeframe.

The City has met with Texas Pride Disposal and feel confident that this change will be seamless and residents will still have excellent solid waste and recycling services. In fact, the current Republic Services Employees for our area will actually remain in the area and become Texas Pride Employees.

Trash and recycling days will remain the same. In addition, Texas Pride will continue utilizing our existing recycling carts. The main change will be the color of the trucks ... *you can expect to see black and white Texas Pride Trucks once we are ready to implement.*

More information will be coming your way via mail, v-linc and the City's website including the actual date for the change. Thank you!

Public Safety

Safety Tip

From Your Chief of Police

In 2017 the Memorial Villages Police Department investigated 44 Vehicle Burglaries.

Of the 44 vehicles, all vehicles were found to be unlocked when burglarized except for nine (9).

There may be times when our locks malfunction so please remove laptops, phones, and other valuables from your vehicles! If bad guys reach for the door, it would be great if there is nothing inside to take!

Memorial Villages First

Responders Fund

We are very pleased to share that the Memorial Villages First Responders Fund has been approved as a 501 (C) (3) by the Internal Revenue Service. This confirms that all dollars donated are tax deductible. Letters were sent out in December acknowledging donations and sharing our thanks.

The fund will remain in place to continue providing this financial assistance to our first responders who may face hardships as a result of future natural disasters or other emergencies.

Visit our website to donate!

Join V-LINC

And Register Your Alarm

V-linc serves as the Memorial Villages Police Department's and Bunker Hill's best mode of communications to residents. The system allows you to manage your desired communications and allows MVPD and the City to specify certain areas for notifications. We work hard not to inundate you with messages, striving to send timely and critical information.

Please go to the City's website www.bunkerhilltx.gov and click on the Green Icon "**Sign Up for Community Alerts.**" This will direct you to the Police Department's Website and the v-linc system. Once there, **you can also register your alarm** and sign up for the "**No Solicitation List.**" Please sign up for v-linc even if you do not have a home alarm system.

Friendly Reminder: The City requires that all burglar and/or fire alarm systems be registered with the City on an annual basis. **There is no fee to register your alarm(s).** However, unregistered alarm systems are a violation of City Ordinance that can result in a fine being assessed as defined in the City's fee schedule. Registering your alarm and sharing your information helps our public safety officers to have critical information in time of need.
