III. CONSIDERATION AND POSSIBLE ACTION REGARDING APPROVAL OF THE AUGUST 12, 2020, MINUTES

A motion was made by Commissioner John Gillette to approve the minutes for August 12, 2020, with suggested changes. The motion was seconded by Commissioner Bill Going.

The motion carried 5 to 0.

IV. CONSIDERATION AND POSSIBLE ACTION ON A PRELIMINARY PLAT FOR BUNKER HILL ELEMENTARY SCHOOL LOCATED AT 11950 TAYLORCREST ROAD - *Steve Smith, Director of Public Works/Building Official*

The reconstruction of Bunker Hill Elementary School is currently underway. As discussed with the Commission in August 2020, the site for Bunker Hill Elementary School was never platted. The district is now ready to begin this process.

Jones and Carter, the property owner's representative, submitted the preliminary plat to the Planning and Zoning Commission to begin the platting process.

The process for platting includes a Preliminary Plat approved by the Planning and Zoning Commission followed by a Final Plat which is then recommended to City Council. Preliminary Plats shall be effective for 6 months.

The city now owns a parcel of land on the Bunker Hill Elementary School Site for the City's new water well. As a result, the City is a property owner on this plat.

The City's Consultant reviewed the plat on behalf of the city. The plat is recommended for approval to prepare for the Final Plat.

A motion was made by Commissioner John Gillette to approve the preliminary plat. The motion was seconded by Commissioner Jean Krivan.

The motion carried 5 to 0.

V. CONSIDERATION AND POSSIBLE ACTION ON A RECOMMENDATION TO THE CITY COUNCIL TO APPROVE AN AMENDING PLAT, ADJOINING TWO ADJACENT LOTS LOCATED AT 78 AND 82 WILLIAMSBURG LANE - *Steve Smith, Director of Public Works/Building Official*

Probstfeld & Associates, Inc., on behalf of Neal A. and Amitha N. Verma, submitted an adjoining plat requesting to combine multiple tracts (two lots) into one. These lots are located at 78 and 82 Williamsburg Lane. Mr. & Mrs. Verma intend to build one house on the new lot.

This application was considered to be an "amending plat" under Chapter 14, Subdivisions:

Sec. 14-5.2. - Amending plat.

Amending plats only are applicable to residential land uses. Amending plat procedure shall be in accordance with the current Texas Local Government Code:

- (9) Relocate one or more lot lines between one or more adjacent lots if:
 - a. The owners of all those lots join in the application for amending the plat.
 - b. The amendment does not attempt to remove recorded covenants or restrictions.
 - c. The amendment does not increase the number of lots.

- (10) To replat one or more lots fronting on an existing street if: the owners of all those lots join in the application for amending the plat; the amendment does not attempt to remove recorded covenants or restrictions; the amendment does not increase the number of lots; and the amendments does not create or require the creation of a new street or make necessary the extension of municipal facilities.

The plat meets all of the City's requirements. Currently, there are two homes existing on the two lots. If approved, at least one house would need to be demolished prior to the plat being recorded.

The Commission discussed the plat and the process for Adjoining Plats. Although the Planning and Zoning Commission understood and supports property owners wanting to join lots, the Commission felt that public comment or notification for adjacent properties may be appropriate for adjoining plats. The Commission asked Staff to seek Council direction on this topic.

A motion was made by Commissioner John Gillette to recommend the City Council approve an amending plat, contingent upon demolition of one of the two existing homes. The motion was seconded by Commissioner Bill Going.

The motion carried 5 to 0.
